From the Secretaries Desk - Joop de Wit

A **mazingly the new year 2025 is well underway.** Remember it only comes once, let's enjoy life, each and every day while we are still able to do so. Concordia has become an integral part of our lives for many years. Firstly, I would like to thank all those beautiful people that were so kind and generous to me at our last Christmas function which, as usual, was a huge success.

A beautiful decorated room full of happy people, all appreciating **Concordia's** efforts during the past 12 months. It has given a new meaning to the word '**happiness**'. All the faces were beaming like little children in remembering the day's of old. You should see it when our **St. Nicholas** made his grand entry into our private room accompanied by his helper **Piet**. It was a delightful experience that was captured on many phones, cameras and other data equipment. It made us feel so good to experience this special event, now for the past 3 years.

We had a small number of members & visitors who could not make it to the last Christmas function, mostly for health reasons. Perhaps a bit of a Godsend as we would have trouble accommodating all those that were officially booked. Time to remind our members that we are bound by rules and regulations as set by the Cardiff RSL. Some of our visitors are a little fragile, some a little slower and a few have a walker in order to move around. In case of a calamity we need to evacuate very quickly. Now you know it's a safety aspect for all our Concordia functions at every booking.

Talking about the Cardiff RSL, on behalf of the committee and members, a heartfelt "**THANKS**" to the **RSL** including the **Eastern Tiger Restaurant**. You have been looking after our Dutch community for the past 34 years. We are eternally grateful to the **RSL** for their kindness and great service.

On another subject, receiving the Concordia newsletter with an address label in **various colours** is fine. If the address label is printed in **RED INK**, **this is a serious reminder that you are overdue!**

Bring your family or friends on **Saturday the 29th March**, bookings for this event is a must. **Our entertainment is by our very well known Michael Montgomery and Joop**. **Don't miss it!**

Please keep the sunny side, Joop

From the Presidents Desk - Toni Somerville

Dear Readers, another year has begun as I write my small part for the **Concordia's** newsletter. What will this year bring us, I suspect the same as last year. Some good and some sad things. I hope you enjoyed Christmas with your family and/or friends and that **2025** has started off well for you and everyone you care about. Best wishes to all for a happy, healthy and safe year.

The tables at our Christmas function looked beautiful, thanks to **Jopie Ryan**, so much work goes into the decorations. It was lovely to meet guests and to see members who have been unable to come to functions for some time.

St Nicholas, **Terry Moonen** and **Piet**, **Joop's** daughter-in-law, **Jib** came after lunch and happily posed for photos with members. Thank you very much **Sint** and **Piet**, we love it when you visit us. **Piet** handed out small bags of kruidnootjes, spiced nuts, a special **St Nicholas** treat. Everyone was also given a pen with a light and special nib to use on your mobile, a Christmas gift in appreciation of your constant support at functions.

Sincere condolences to the family of **John Peschar** who passed away at the age of 96. **John** hoped to attend the September function but he was not well. May cherished memories bring comfort.

Committee member, **Gerda Wood** has resigned from the Committee due to health reasons. Thank you for your years in the Committee. We will miss you, **Gerda**, and wish you all the very best.

Harry van der Wyst surprised the Committee with a banketstaaf each. Thank you very much **Harry** and **Margaret**, so delicious.

Thank you to the kind members who donated a raffle prize, grocery items that were donated for baskets and to members who donated extra when paying for lunch. I say it often that we have very generous members, we really appreciate it as it offsets our expenses. A special thank you to my sister and Committee member, **Ingrid Thomas**, **Nicky**, who helps me so much at our functions.

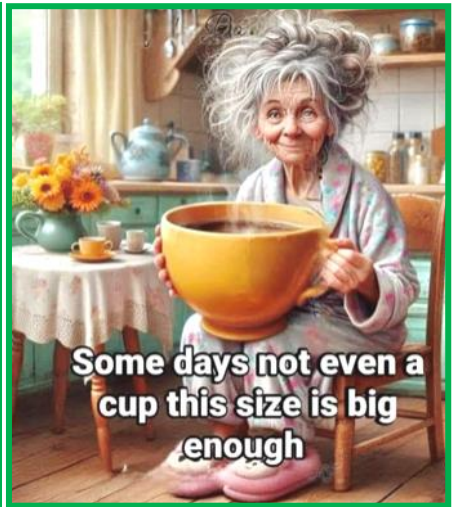

Michael Montgomery will entertain us for the first half of the function on March 29. **Michael** is a well-known, fantastic singer and entertainer.

(Continued from page 4)

It will be 70 years this March, when my parents were advised that **8** places in **2 cabins** could be reserved for them and their **6 children** on the **M.S. Sibajak** leaving Rotterdam on a **Friday 13-5-1955**. The fare paid by my parents was **101.30 guilders**. The Australian Government paid **8,300.00** guilders. During the late **1940sh and 1950sh** many immigrants arrived in Australia looking for a better life after war-torn Europe. Since settling in the Newcastle area and becoming a member of Concordia I have often spoken to members about their first few years here. It is so interesting to hear these stories and like our family their first years were just as difficult.

Please join us on **March 29** for another gezellige function, meet up with your friends, an all you can eat lunch, listen to **Michael** and after interval **Joop** will entertain us. All for just **\$20.00 pp** **Just don't miss it!**

Wishing you all a happy family Easter, stay safe and well. *Toni.*

Maarten van Rossem is een Nederlandse historicus, presentator en sociaal commentator deed mee aan 'dry januari' om een maand lang geen alcohol te gebruiken. Jaren is hij een alcoholist geweest: Ik dronk 7 glazen wijn per dag. In 2005 ben ik acuut gestopt met drinken. Ik werd toen aan mijn hartklep geopereerd en alcohol gaat slecht samen met ritme stabiliserende medicijnen. Nu drink ik af en toe een glas witte wijn. Wat mij het meeste opvalt: je houdt ontzettend veel tijd over als je niet drinkt. Ik sta niet meer slap te ouwehoeren op lullige partijjes tot drie uur s 'nachts en heb extra tijd om te lezen en schrijven. Ik kan het iedereen aanraden. *Editor*

Is being in your 80s considered elderly?

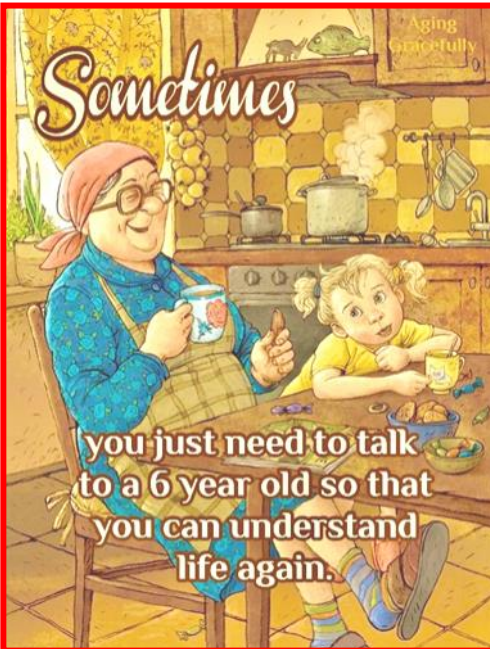

If you are 80 or over and reading this, you are not only elderly you are remarkable. Do you realize how amazing it is after the lives we have lived in a very different country far away from where we came from, to be in your **80's** or even older and to be able to live a normal life of any type.

Sure most of us are much older, but we are not always living in a bubble, totally taken care of. How many of us can say that? I have the answer, just about zero unless you are a billionaire, I doubt if there are any of you who are reading the **Concordia newsletter, if not, let me know hahaha!**

So yes, obviously being in your **80s or 90s-** is considered elderly which of course is no longer used as a term or a way of saying who or what someone is. This is **2025** for Gods sake, are we so hung up to think or say, he or she is elderly.

Elderly has the connotation of someone who can hardly take care of themselves, is falling over, can't think straight. Well, is everything fading in your **80's**? Absolutely, but lets dump the designation of elderly and call those in their **80's** and upward, the **Emeritus Generation.**

They should get a special designation just for getting that far. Of course this is not **100** years ago when **80** was an astounding feat, but still it is not the norm. That means being in your **80s** is pretty special, especially if you are a man who on average die younger than women. Yes, I am elderly, yes, I dumped it, and we are here to celebrate it, see you all on **Saturday 29th March in the Cardiff RSL** celebrating another milestone. *Editor*

We have a remedy for most issues with different results

A 63-year-old woman visited the emergency room, where she was attended to by a young, inexperienced doctor. After approximately three minutes in the examination room, the doctor informed her that she was pregnant.

In a state of shock, she exited the room and sprinted down the corridor, screaming. An older physician intervened, inquiring about her distress. After hearing her account, he reassured her and guided her to a separate room for comfort.

The older doctor then proceeded to confront the young doctor in his office. ***"What were you thinking?"*** he questioned sternly. ***"This woman is 63 years old, has two adult children, and several grandchildren. How could you tell her she is pregnant?"***

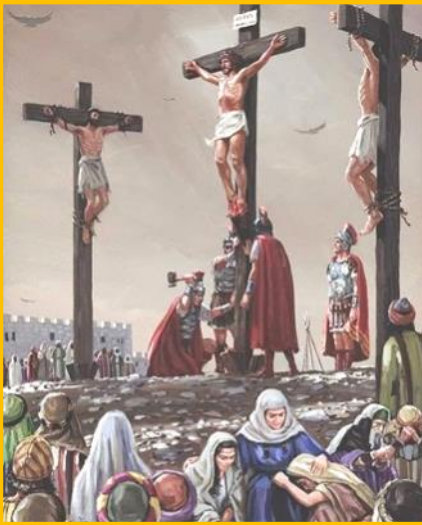

The young doctor, still focused on his clipboard, replied without looking up, ***"Does she still have the hiccups?"***

The bagpiper and the funeral

As a bagpiper, I was asked by a funeral director to play at a grave-side service for a homeless man with no family or friends. The funeral was to be held at a cemetery in the country.

As I was not familiar with this part of the country, I got lost; and being a typical man didn't stop for directions. I finally arrived an hour late. I spotted a backhoe and a crew of two people. The funeral director had evidently gone, as the diggers were just eating their lunch and a hearse was nowhere to be seen I started to feel very badly about this. I apologised to the men for being late. I went to the side of the grave and looked down. The vault lid was already in place. I started to play and the workers gathered around the site. I played out my heart and soul for this homeless man. And, as I played **Amazing Grace**, the workers began to weep. I played like I'd never played before. Then, after I finished, started to walk to my car as to put away my bagpipes, I heard one of the workers say, **"Man that was really moving, I ain't never seen anything like that before, and I've been putting in septic tanks for over twenty years."**

Letters to the editor

It's heart-warming when we receive so many personal messages of thanks and good wishes from our readers. I would like to convey, on behalf of the committee, a warm thanks to all those that have written to us. Yes, we have our first function on **Saturday 29th March**, just to be together again.

Dear Joop, I just paid my membership today plus a large donation. I am so sorry for not being in contact with you for such a long time. I have been going through a lot with my health and my son who has stage 4 cancer. Also my daughter who is going through a lot as well. Thank you for sending the newsletters to my sister and me, we really appreciate it. I hope you are well.

Hi Monica, what a great story about your cruising experience. I totally agree with your adventure on the high seas. My experience with cruising comes from the 6 years I spend in the **Royal Dutch Navy** on various warships. **Joop**

I received lots of personal messages and phone calls during the last few weeks, receiving many good wishes, I will need to be over a hundred years old before I can stop producing the newsletters. I thank you all for your kind words and a number of presents received, its very much appreciated, it also encourages me to continue to create happiness amongst my **Dutch/Australian** members of **Concordia** and Multicultural **Choral Society**. **Thanks for all the beautiful words and the positive encouragements received, Joop**

 Je kunt een medicijn kopen maar geen gezondheid.
 Je kunt alle materiële dingen kopen, maar nooit liefde. **Your Editor**
