

The UIVER Flyer
News from the Uiver Memorial DC-2 Restoration Project.

Open day of wings and wheels

It was the hangar's most successful open day, with a record crowd of about 500 attracted by a host of displays, all featuring, planes, trains and

automobiles. Some magnificently restored antique cars greeted the visitors who then entered the hangar to find model trains, remote controlled planes, full-sized light aircraft, the Uiver in Lego, aviation books, the fuselage of the Uiver memorial DC-2 now almost complete, the restoration volunteers on hand to show what they have achieved, activities for the youngsters, history for the adults and, of course, food and a refreshing beverage. We raised about \$4000. Next year marks the 90th anniversary of the Uiver landing and planning has already begun for an even bigger celebration.

Our thanks go to the Albury-Wodonga Antique Car Club, The Murray Modellers, The Twin City Aero Modellers, The Albury and District Historical Society, the Bricks on the Border Lego group, Lynette Buck and Smartair for participating in the open day and helping to make it such a success. We also appreciated support from The Border Mail, ABC Goulburn Murray and Seven News.

Look for us on Instagram

You can now follow the progress of the DC-2 restoration on our new Instagram account. You will find us at <https://www.instagram.com/uivermemorialdc2/> as well as on Facebook.

Help us spread the word

We want the whole community to know about our project and you can help by forwarding this newsletter to others in your address book, either through email or social media. You could encourage them to also forward on the newsletter so we can expand our circulation, and invite them to subscribe and join our emailing list. A small effort could have a big impact.
